Greetings Defense Civilian Pay Systems (DCPS) Accounting Participants!

Welcome to the DCPS Accounting Conference. This is an exciting and new endeavor for the Army. This DCPS Accounting Conference has truly been a collaborative effort designed to offer you an opportunity to learn about current initiatives, discuss issues, process improvements, and to observe demonstrations of accounting input in the DCPS.

The theme for the Conference is "*Taking Control.*" With changes in technology and with the cooperation of the Denver Payroll Office, you have the ability to take control of your civilian payroll funding and reduce unmatched disbursements. Familiarization of the procedures for viewing and updating data elements is the most significant hurdle that we face in putting the power to access accounting data in the DCPS into your hands. These are indeed uncertain times for many reasons. However, we have not only the opportunity, but the *responsibility*, to provide stability in the financial arena. The work we do is important. What we do reflects our solid commitment to the men and women who defend America each day.

Thank you for joining us at this conference. We welcome your participation and look forward to an informative and productive learning experience.

A handwritten signature in black ink, appearing to read "f. a. klumph".
