JOINT EXPLANATORY STATEMENT OF THE COMMITTEE ON CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendments of the Senate to the bill (H.R. 1817) making appropriations for military construction, family housing, and base realignment and closure for the Department of Defense for the fiscal year ending September 30, 1996, and for other purposes, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report.

ITEMS OF GENERAL INTEREST

Matters Addressed by Only One Committee.—The language and allocations set forth in House Report 104-137 and Senate Report 104-116 should be complied with unless specifically addressed to the contrary in the conference report and statement of the managers. Report language included by the House which is not changed by the report of the Senate or the conference, and Senate report language which is not changed by the conference is approved by the committee of conference. The statement of the managers, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases in which the House or the Senate have directed the submission of a report from the Department of Defense, such report is to be submitted to both House and Senate Committees on Appropriations.

Troop Housing.—Prior to the award of any fiscal year 1996 troop housing project, the Department is directed to provide a report to the Committees on Appropriations describing the accepted barracks standard, the exceptions where that standard will not apply, the long-term plan to achieve the standard, and the cost implications of doing so. The long-term plan should identify the eligible population by location, number of spaces requiring upgrade, and the current barracks situation at that location. If the current “2 plus 2” standard is revised, the conferees direct that the report contain a cost comparison between the “2 plus 2” and the revised standard.

In addition, prior to the obligation of any fiscal year 1996 troop housing project, the Service Secretary is to certify to the Committees on Appropriations that new construction is warranted over renovation for each individual project.

Base Realignment and Closure.—The conferees have recommended full funding for military construction and family housing projects as requested for the Base Realignment and Closure accounts. The conferees believe that Congress needs to be advised of any programmatic changes involving the construction of projects.

For this reason, any transfer of funds for construction projects, which deviate from the listing provided in House Report 104-137, shall be treated like any other reprogramming within the military construction appropriation.

Base Realignment and Closure, Part IV.—The conference agreement provides the budget request of \$784,569,000 for Base Realignment and Closure, Part IV. To date, the Department has not indicated how these funds will be distributed except that a portion of the funds will be used for site surveys and for planning and design. Therefore, the conferees direct that no funds be obligated except for site surveys, environmental baseline surveys, environmental analysis under the National Environmental Policy Act, and for planning and design until the Committees on Appropriations have been provided with a five year program for executing the 1995 base realignment and closure plan with justifications (Form 1391) for fiscal year 1996 funds.

Relocation of Southern Command.—In response to a House requirement, the Army has reported on its plans to relocate the Southern Command from Panama to Dade County, Florida. Approximately 700 military personnel and families will be relocated. The conferees are interested in the Army's plans for supporting the quality of life for these personnel. Therefore, the conferees direct the Army to provide a detailed plan which will address its program to provide relocated personnel with: affordable housing; medical and dental support; and morale, welfare, and recreation facilities. This plan shall be provided and approved by the appropriate Committees before the execution of this move.

Southwest Asia Prepositioning.—The conferees support the requirement for prepositioning in this region and recognize that valid requirements remain after Operation Desert Storm. However, the conferees direct that all future funding of prepositioning in this area be provided through expanded contributions from our allies located in the region.

Chemical Demilitarization.—The conferees agree to defer consideration of funding for requested projects at Pine Bluff Arsenal, Arkansas, and at Umatilla Depot, Oregon, without prejudice. The conferees agree to provide \$13,000,000, as requested, for planning and design of Chemical Demilitarization facilities, so this important program shall proceed.

Medical Facilities.—The conferees agree with the current arrangement whereby the Defense Medical Facilities Office is responsible for centralized planning and budgeting for medical facilities. However, there is concern that the individual military services should conduct rigorous reviews of these projects. Therefore, the conferees direct the Service Secretary of jurisdiction to submit a separate certification, at the time of the budget submission, to the Committees on Appropriations stating concurrence with the cost and scope of medical projects budgeted by the Defense Medical Facilities Office which exceed \$50,000,000.

Family Housing Construction.—The conferees believe that private industry, volume single-family home builders that build moderate-sized homes from standardized plans may provide a low cost, efficient method of providing military family housing. Therefore, the Department is directed to report to the Committees on Appro-

priations by February 1, 1996, on steps taken to utilize such volume home builders who have broad geographical experience to address family housing needs.

The conferees also encourage the Department to initiate a demonstration project utilizing a volume single-family home builder to construct family housing at an installation designated for funding in fiscal year 1996.

Special Operations Forces.—The conferees have included funding for a barracks project for Special Operations Forces under the “Military Construction, Defense-Wide” account. The conferees agree that this type of common support facility should be provided by the military departments in furtherance of their support responsibilities to special operations forces. Therefore, the conferees will expect the Services to budget for such common support facilities in the future, and will expect the Special Operations Command to continue to budget for operations, training and equipment maintenance and storage facility requirements.

Establishment of Audit Trail Documents.—The conferees support the establishment of audit trail documents as stated in House Report 104–137. In addition, it is the conferees intent that all military construction and family housing projects funded under the Base Realignment and Closure accounts shall be included in the audit trail documents.

Rescissions.—The conferees recommend a total of \$38,986,000 in rescissions of prior-year appropriations for the military services and defense agencies, rather than a total of \$55,705,000 as proposed by the Senate. The rescissions recommended in the bill include the following projects which have contract savings or which were previously approved and now are no longer needed:

Air Force 1992–1996:	
Alaska—Eareckson AFB (formerly Shemya AFB): Air Freight Terminal	\$2,765,000
Air Force 1992:	
Florida—Homestead AFB: Airfield Operations	6,000,000
Defense Agencies 1992–1996:	
California—Defense Language Institute, Monterey: Instruction Building	6,000,000
Unspecified Worldwide Locations: Contingency Construction	800,000
Defense Agencies 1993–1997:	
Classified Location—SOUTHWESTER	3,590,000
Unspecified Worldwide Locations: Contingency Construction	5,000,000
Defense-Wide 1994–1998:	
Unspecified Worldwide Locations: Contingency Construction	8,131,000
Air National Guard 1994–1998:	
Idaho—Gowen Field: Idaho Training Range	6,700,000

MILITARY CONSTRUCTION, ARMY

Amendment No. 1

Deletes the center heading “(Including Rescissions)” as proposed by the Senate.

Amendment No. 2

Appropriates \$633,814,000 for Military Construction, Army instead of \$611,608,000 as proposed by the House and \$496,664,000 as proposed by the Senate. Funding for specific projects agreed to by the conferees is displayed in the table at the end of this report.

North Carolina—Fort Bragg: Land Acquisition.—The FY 1994 Military Construction Appropriations bill appropriated \$15,000,000 for the acquisition of the Overhills land tract located adjacent to Fort Bragg in North Carolina. This land is necessary for training and maneuver space by the U.S. Army. Because of delays in the release of the funds by the Office of the Secretary of Defense, there is concern that the appraisal value of the property may be more than the appropriated amount. Appraisals are due to be completed by early December 1995. In the event the appraisal exceeds the amount appropriated, the conferees, recognizing the importance of this tract of land to the Army operations at Fort Bragg, would entertain a reprogramming request to complete the acquisition in a timely manner.

Amendment No. 3

Earmarks \$44,034,000 for study, planning, design, architect and engineer services as proposed by the Senate instead of \$50,778,000 as proposed by the House.

The following project is to be designed within amounts provided for planning and design:

Hawaii—Pohakuloa Training Site: Road Improvement	\$2,000,000
--	-------------

Amendment No. 4

Deletes a provision proposed by the Senate which would rescind \$6,245,000 in funds appropriated for “Military Construction, Army” under Public Law 102-143.

MILITARY CONSTRUCTION, NAVY

Amendment No. 5

Appropriates \$554,636,000 for Military Construction, Navy instead of \$588,243,000 as proposed by the House and \$542,186,000 as proposed by the Senate. Funding for specific projects agreed to by the conferees is displayed in the table at the end of this report.

Maryland-Naval Air Warfare Center, Patuxent River: Large Anechoic Chamber.—The conferees continue to enthusiastically support construction of the Large Anechoic Chamber at Naval Air Warfare Center, Patuxent River, Maryland. This facility will provide DOD with essential and unique capabilities needed for the secure testing of highly integrated air combat systems of the future. The conferees are concerned with the delays in commencing construction on this project and encourage the Department to provide the essential core capability envisioned in the original project authorization by constructing a complete and usable anechoic chamber utilizing a combination of the current Military Construction appropriation and other appropriations as necessary. This phased approach in no way diminishes the conferee’s support for the additional features of the project and the conferees direct the Department to design the project with the original features planned for the chamber.

Virginia-Hampton Roads: Land Acquisition.—The conferees are aware of the Navy’s interest in acquiring land adjacent to the naval base in the Hampton Roads, Virginia area to be used for relocation of security points and improved access to the base. Should

authorization be granted for this acquisition, the Navy is directed to make every attempt possible to acquire both the land acquisition at the Fleet Combat Training Center, Dam Neck, Virginia and the Hampton Roads area within the \$4,500,000 previously appropriated for the Fleet Combat Training Center acquisition. In the event additional funds are required, established cost variation/reprogramming procedures shall be utilized to consummate the acquisitions.

Amendment No. 6

Earmarks \$50,477,000 for study, planning, design, architect and engineer services instead of \$66,184,000 as proposed by the House and \$49,477,000 as proposed by the Senate.

The following projects are to be designed within the amounts provided for planning and design:

Nevada-NAS Fallon:	
Child Development Center	\$150,000
Galley	50,000
BEQ	1,200,000

MILITARY CONSTRUCTION, AIR FORCE

Amendment No. 7

Inserts the center heading “(Including Rescissions)” as proposed by the Senate.

Amendment No. 8

Appropriates \$587,234,000 for Military Construction, Air Force instead of \$578,841,000 as proposed by the House and \$532,616,000 as proposed by the Senate. Funding for specific projects agreed to by the conferees is displayed in the table at the end of this report.

North Carolina-Pope AFB: Runway Extension.—The conferees understand the Air Force has been reviewing the need to extend the runway at Pope Air Force Base to meet operational requirements. The Air Force is directed to report to the Committees on Appropriations by March 1, 1996, on its plans for the runway extension and any additional land acquisition which would be required.

Amendment No. 9

Earmarks \$26,594,000 for study, planning, design, architect and engineer services instead of \$49,021,000 as proposed by the House and \$23,894,000 as proposed by the Senate.

The following project is to be designed within the amounts provided for planning and design:

Alaska-Elmendorf AFB: C-130 Operations and Maintenance Facility	\$2,700,000
---	-------------

Amendment No. 10

Inserts a provision proposed by the Senate which would rescind \$2,765,000 in funds appropriated for “Military Construction, Air Force” under Public Law 102-136.

Amendment No. 11

Inserts a provision which would rescind \$6,000,000 appropriated for "Military Construction, Air Force" under Public Law 102-368, rather than \$13,240,000 as proposed by the Senate.

MILITARY CONSTRUCTION, DEFENSE-WIDE

Amendment No. 12

Inserts the words "And Rescissions" in the center heading as proposed by the Senate.

Amendment No. 13

Appropriates \$640,357,000 for Military Construction, Defense-Wide instead of \$728,332,000 as proposed by the House and \$818,078,000 as proposed by the Senate. Funding for specific projects agreed to by the conferees is displayed in the table at the end of this report.

Amendment No. 14

Earmarks \$68,837,000 for study, planning, design, architect and engineer services as proposed by the House instead of \$83,992,000 as proposed by the Senate.

The following projects are to be designed within the amounts provided for planning and design:

Alabama-Redstone Arsenal: MSIC Facility	\$1,500,000
Alaska-Elmendorf AFB: Fuel Tanks	1,300,000
Alaska-Fort Wainwright: Bassett Hospital	10,355,000

Amendment No. 15

Deletes a provision proposed by the Senate which would rescind \$3,234,000 appropriated for "Military Construction, Defense-Wide" under Public Law 101-519.

Amendment No. 16

Inserts a provision proposed by the Senate which would rescind \$6,800,000 appropriated for "Military Construction, Defense-Wide" under Public Law 102-136, amended to correct the account title to "Military Construction, Defense Agencies".

Amendment No. 17

Inserts a provision proposed by the Senate which would rescind \$8,590,000 appropriated for "Military Construction, Defense-Wide" under Public Law 102-380, amended to correct the account title to "Military Construction, Defense Agencies".

Amendment No. 18

Inserts a provision proposed by the Senate which would rescind \$8,131,000 appropriated for "Military Construction, Defense-Wide" under Public Law 103-110.

MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

Amendment No. 19

Deletes the center heading "(Including Rescissions)" as proposed by the Senate.

Amendment No. 20

Appropriates \$137,110,000 for Military Construction, Army National Guard instead of \$72,537,000 as proposed by the House and \$93,121,000 as proposed by the Senate. Funding for specific projects agreed to by the conferees is displayed in the table at the end of this report.

The following projects are to be designed within the amounts provided for planning and design:

Hawaii-Barbers Point: Headquarters Complex	\$2,800,000
Montana-Billings: Army Forces Reserve Center	1,200,000

MILITARY CONSTRUCTION, AIR NATIONAL GUARD

Amendment No. 21

Appropriates \$171,272,000 for Military Construction, Air National Guard instead of \$118,267,000 as proposed by the House and \$134,422,000 as proposed by the Senate. Funding for specific projects agreed to by the conferees is displayed in the table at the end of this report.

Amendment No. 22

Inserts a provision proposed by the Senate which would rescind \$6,700,000 appropriated for "Military Construction, Air National Guard" under Public Law 103-110.

The following project is to be designed within the amounts provided for planning and design:

Hawaii-Hickam AFB: Squadron Operations Facility	\$790,000
---	-----------

MILITARY CONSTRUCTION, ARMY RESERVE

Amendment No. 23

Appropriates \$72,728,000 for Military Construction, Army Reserve instead of \$42,963,000 as proposed by the House and \$48,141,000 as proposed by the Senate. Funding for specific projects agreed to by the conferees is displayed in the table at the end of this report.

Appropriates \$849,213,000 for Operation and Maintenance, Family Housing, Air Force instead of \$863,213,000 as proposed by the House and \$850,059,000 as proposed by the Senate.

Amendment No. 34

The conference agreement appropriates a total of \$1,146,951,000 for Family Housing, Air Force instead of \$1,150,730,000 as proposed by the House and \$1,111,196,000 as proposed by the Senate. This sum is derived from the conference agreement on amendments numbered 32 and 33.

CONSTRUCTION IMPROVEMENTS

The following project is to be accomplished within the amount provided for construction improvements:

Ohio-Wright Patterson AFB (66 Units)	\$5,900,000
--	-------------

FAMILY HOUSING, DEFENSE-WIDE

Amendment No. 35

Appropriates \$30,467,000 for Operation and Maintenance, Family Housing, Defense-Wide as proposed by the House instead of \$42,367,000 as proposed by the Senate.

Amendment No. 36

The conference agreement appropriates a total of \$34,239,000 for Family Housing, Defense-Wide as proposed by the House instead of \$46,139,000 as proposed by the Senate.

DEPARTMENT OF DEFENSE FAMILY HOUSING IMPROVEMENT FUND

Amendment No. 37

The conference agreement deletes the words “September 30, 2000” as proposed by the Senate, and restores the word “expended” as proposed by the House, permitting funds appropriated under this account to remain available until expended. This conforms with the authorization.

BASE REALIGNMENT AND CLOSURE ACCOUNT, PART II

Amendment No. 38

Establishes a ceiling of \$325,800,000 for environmental restoration as proposed by the Senate instead of \$224,800,000 as proposed by the House.

BASE REALIGNMENT AND CLOSURE ACCOUNT, PART III

Amendment No. 39

Establishes a ceiling of \$236,700,000 for environmental restoration as proposed by the Senate instead of \$232,300,000 as proposed by the House.

GENERAL PROVISIONS

Amendment No. 40

Adds the words “countries bordering” as proposed by the Senate amendment. The House bill establishes a threshold for American preference of \$500,000 relating to architect and engineer service in Japan, in any NATO member country, and in the Arabian Gulf. The Senate bill inserts the words “countries bordering” in reference to the Arabian Gulf.

Amendment No. 41

Adds the words “countries bordering” as proposed by the Senate amendment. The House bill establishes a preference for American contractors for military construction in the United States territories and possessions in the Pacific and on Kwajalein Atoll, or in the Arabian Gulf. The Senate bill inserts the words “countries bordering” in reference to the Arabian Gulf.

Amendment No. 42

Deletes the word “in” and inserts the word “bordering” as proposed by the Senate amendment. The House bill directs the Secretary of Defense to report annually regarding the specific actions to be taken during the current fiscal year to encourage other member nations of NATO, Japan, Korea and the United States allies in the Arabian Gulf to assume a greater share of the common defense burden. The Senate bill deletes the word “in” and inserts the word “bordering” in reference to the Arabian Gulf.

Amendment No. 43

Restores a provision proposed by the House and stricken by the Senate which would prohibit the expenditure of funds except in compliance with the Buy American Act.

Amendment No. 44

Restores a provision proposed by the House and stricken by the Senate which states the Sense of the Congress notifying recipients of equipment or products authorized to be purchased with financial assistance provided in this Act to purchase American-made equipment and products.

Amendment No. 45

Restores the center heading "(Transfer of Funds)" as proposed by the House and stricken by the Senate.

Amendment No. 46

Restores language proposed by the House and stricken by the Senate, amended to permit the transfer of funds from the Base Realignment and Closure accounts into the Homeowners Assistance Fund. The House bill contained language which would permit the transfer of funds among the Homeowners Assistance Fund and the Base Realignment and Closure accounts.

In addition, language is included, which was not contained in either the House or Senate bills, to insert the heading "(Including Rescissions)" under Military Construction, Air National Guard.

The conference agreement also inserts language which maintains a ceiling on environmental restoration under the Base Realignment and Closure Accounts for Part II and Part III, unless the Secretary of Defense determines additional obligations are necessary, notifies the Committees on Appropriations of his determination and the necessary reasons for the increase. This language was not contained in either the House or Senate bills. The conferees direct that any exercise of this authority shall fall under the standing procedures for approval of reprogramming requests.

Amendment No. 47

Restores language proposed by the House and stricken by the Senate which directs the Army to use George AFB as the interim airhead for the National Training Center at Fort Irwin until Barstow-Daggett reaches Initial Operational Capability as the permanent airhead.

Amendment No. 48

Restores language proposed by the House and stricken by the Senate regarding the conveyance of certain parcels of land at Fort Sheridan, Illinois, and deletes language proposed by the Senate regarding the renovation of the Pentagon Reservation.

Amendment No. 49

Deletes language proposed by the Senate appropriating an additional \$228,098,000 among ten separate accounts contained in the bill. These sums were reconciled in the disposition of the individual accounts.
